

## SFSU MATESOL Career Networking, 12/4/09

The MATESOL faculty and students would like to warmly thank our alumni for coming back and sharing information about your work experience and career path, as well as your insights and advice. Despite the tough economic conditions, we want to learn about hiring realities, what it's like to do your job, application strategies, career options, ways to build professional skills, and steps to plan for the future. In these challenging times, we draw strength and inspiration from our MATESOL network.
